

AER District Cover Letter

It is with great pleasure and pride that we present the following student achievement data for the Marshall Public Schools' Annual Education Report. Every year we strive to improve the teaching and learning that occurs in our classrooms, and every year we find successes and new challenges.

We are a mid-size district serving 2365 students in the 2010/2011 school year. We had three elementary schools for grades K-4, one middle school for grades 5-8, one high school for grades 9-12 that is NCA accredited, and another school setting for our early childhood programs and our alternative high school. Across the District, we offered day care services and pre-school, GSRP, and a collaborative with an outside agency to provide Head Start at our Shamrock Center. We also offered a half-day readiness kindergarten for qualifying students and all-day kindergarten at all three elementary schools. Our middle school and high school students participated in enhanced/excelled learning through ATYP and Advanced Placement courses. We supported dual enrollment with Kellogg Community College, Olivet College, Albion College and other institutions of higher learning; and the applied arts through our own offerings, and through the partnership with the Calhoun Area Career Center. We provided after-school tutoring services for grades 5-12 at our Cyber Café, and had excellent resources provided through our multi media centers and technology labs in all buildings. For our non-traditional learners, we provided an alternative high school that customized the teaching approaches to help motivate those students at risk of not completing high school.

We have a very robust and rigorous curriculum, and have brought additional opportunities to every grade level in improving instructional practice in the classroom through various grants, endowments, and professional development efforts. We have developed a strategic plan aligned with our core Board-directed improvement goals for the organization, and implemented the Learning Design Model across all grade levels to improve instruction. We have committed ourselves to maintaining a laser focus on student learning, teacher pedagogy, and professional learning cultures which will have a lasting effect on student achievement for years to come.

We are pleased to offer a full contingent of extra-curricular activities, interscholastic athletics involving twenty different sports, award-winning instrumental and choral music programs, performing arts, and travel-abroad experiential learning opportunities. We also enjoy a collaborative and celebrated partnership with the Marshall community to provide the best we can offer our students in relevant activities and life-long learning.

Even with such excellent offerings, we have work to do in accomplishing some of our stretch goals of ensuring every child is reading at or above grade level by third grade; that every student is successful in completing the Michigan Merit Core Curriculum; and every student is writing at proficiency levels for college and career. With a dedicated teaching staff that is 100% highly qualified to teach their assigned responsibilities, and a highly committed administrative team and Board of Education, we know we are on the road to help our students achieve excellence in their education and development. Please join me in reading more about Marshall Public Schools.

Dr. Randy Davis
